

IBM ThinkPad R51/R40 notebooks

**IBM recommends Microsoft®
Windows® XP Professional
for Business.**

Highlights

- **Count on excellent wireless performance and extended battery life with Intel® Centrino™ Mobile Technology (select models)**
- **Go anywhere. Designs start at 34mm thin¹ with a travel weight of 2.5kg²**
- **Rotate and magnify images fast with ATI Mobility RADEON 7500 32MB DDR 4X AGP graphics or ATI Mobility RADEON 9000 32MB DDR 4X graphics**
- **Guard data against drop damage. The IBM Active Protection System (on R51/R50 models) provides the hard disk drive up to four times greater impact protection than in notebooks without it**
- **Help yourself. IBM Rescue and Recovery with Rapid Restore software on R51 models helps users recover systems by themselves**
- **Stretch your investment with integrated 11b/g³ wireless technology on select models.**

For everyone in the office

Introduce your organisation to the affordable IBM ThinkPad R51 notebook with Intel Centrino Mobile Technology (select models) and easy-to-use system recovery software. Certain models also include great wireless options. Others feature advanced graphics capabilities.

The latest breakthrough

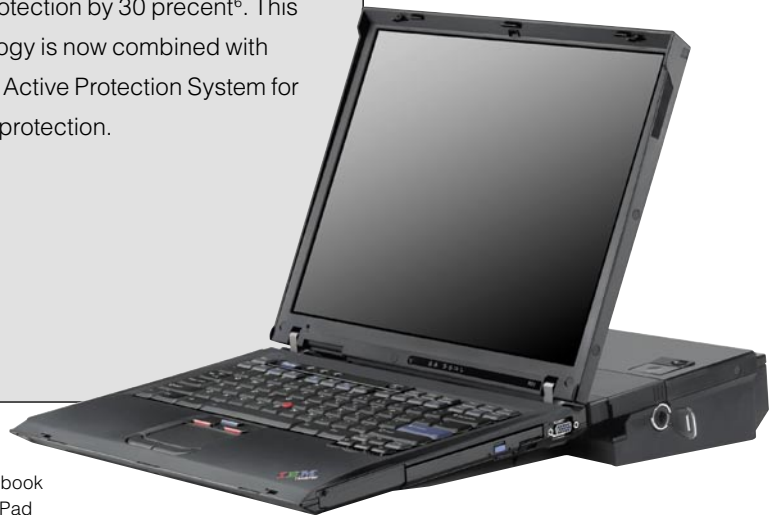

Like airbag technology, the new IBM Active Protection System (on R51/R50 models) features built-in motion sensors. When a fall is detected, this innovation helps guard the hard disk drive. That makes it less likely data on your hard disk drive will be lost because of some bumps or drops.

Business advantage – it's in here

To help decrease expenses, look inside for IBM ThinkVantage Technologies and ThinkVantage Design elements. You'll see how to work more confidently and efficiently – and gain more time to focus on strategic goals.

Get the edge: IBM ThinkVantage Technologies and Designs

- **Support your mobile workforce** with select wireless ThinkPad R51 notebooks and IBM Access Connections software. It's the easiest way to switch between wired and wireless networks.
- **Deploy the most secure wireless notebooks in the industry** with the IBM Embedded Security Subsystem 2.0 (select models). It offers built-in hardware and downloadable software-based protection. No other manufacturer offers stronger security as a standard feature.
- **Improve signal reception** with the IBM UltraConnect Antenna. To maximise range, this antenna is built into the display of ThinkPad R Series notebooks. Plus, it supports multiple frequencies to optimise coverage⁴.
- **Point and click two ways** with the IBM ThinkPad UltraNav multi-pointing system. It features touchpad technology and the TrackPoint pointing device.
- **Put online⁵ and on-system information at your employees' fingertips** with Access IBM. With the push of a button, staff and colleagues can gain answers to common IT questions by themselves.
- **NEW**
• **Help reduce help desk calls.** Meet IBM Rescue and Recovery with Rapid Restore software. It's preloaded on ThinkPad R51 notebooks. With this enhanced, one-button solution, staff can restore systems themselves – often without a call to the help desk.
- **Increase hard disk drive safety.** When compared to a notebook cover alone, the IBM Hard Disk Drive Shock Absorber increases hard disk drive protection by 30 percent⁶. This technology is now combined with the IBM Active Protection System for greater protection.

IBM ThinkPad R51 notebook
with optional IBM ThinkPad
Dock II.

"... if an average corporation were to apply best operational practices and IBM's ThinkVantage Technologies as defined today, these customers would potentially see reduced ongoing operating costs greater than the cost of new PC or notebook computer hardware itself."

– Aaron Goldberg,
Vice-President, Ziff-Davis Market Experts

Wireless security made easy

Control wireless access and strengthen network security with select ThinkPad R51 notebooks that support Cisco Compatible Extensions. You'll get a PC that's tested to run at the highest levels of performance in a secure, Cisco wireless environment. That includes wireless network password protection and dynamic encryption capabilities available only to users connected to Cisco Aironet wireless networks.

The IBM ThinkPad R51 notebook has been tested in accordance with interoperability criteria set by Cisco Systems, Inc. and is compatible with Cisco Aironet access points running software versions 12.01, 12.02, 12.03, 12.2(8)JA, or 12.2(11)JA. For full disclaimer, see IBM ThinkPad R51 notebook product documentation or the following Web site: ibm.com/thinkpad

Service in São Tomé? Sure

Rely on award-winning IBM Service and Support

Choose an IBM ThinkPad R Series notebook. With just a few clicks, workers can enjoy a wealth of on-system and online resources. Plus, they'll have support in more than 160 countries⁷ worldwide, from São Tomé to Saskatchewan.

IBM ThinkPad R51/50 and R40 notebook specifications

Model	R51/R50	R40
Machine type	1830	2722/2723
Processor/Level 2 Cache ⁸	Intel Pentium® M Processor up to 1.7 GHz ⁹ /1MB	Intel Pentium M Processor up to 1.5 GHz/1MB
Preloaded Operating System ¹⁰	Microsoft Windows XP Professional	Microsoft Windows XP Professional
Display/Resolution	14.1" TFT XGA/1024x768 15" TFT XGA/1024x768 or 15" SXGA+ (1400x1050)	14.1" TFT XGA/1024x768 15" TFT XGA/1024x768 or 15" SXGA+ (1400x1050)
Hard disk drive	30 ¹¹ or 40GB	20, 30, 40 or 60GB
Memory (std ¹² /max ¹³)	256MB or 512MB/2GB PC2700 DDR SDRAM	256MB/2GB PC2100 DDR SDRAM

IBM, the IBM logo, ibm.com, Lotus, Lotus Notes, Rapid Restore, SmartSuite, ThinkCentre, ThinkPad, ThinkVantage, TrackPoint, Ultrabay, UltraConnect, UltraNav and Update Connector are trademarks of International Business Machines Corporation in the United States, other countries, or both.

Intel and Pentium are trademarks of Intel Corporation in the United States, other countries, or both.

Microsoft and Windows are trademarks of Microsoft Corporation in the United States, other countries, or both.

Other company, product and service names may be trademarks, or service marks of others.

- ¹ Thinness may vary at certain points on the system.
- ² Includes battery and optional travel bezel, instead of standard optical drive in Ultrabay or Ultrabay Plus; weight may vary due to vendor components, manufacturing process and options.
- ³ 11a, 11b and 11g wireless are based on IEEE 802.11a, 802.11b and 802.11g, respectively. An adapter with 11a/b, or 11a/b/g can communicate on any of its supported formats; the actual connection will be based on the access point to which it connects.
- ⁴ UltraConnect Antenna not featured on R40e or R50e models
- ⁵ Requires separate Internet access account, not included.
- ⁶ Claim based on IBM operating tilt-drop tests.
- ⁷ International Warranty Service is available in any country in which this product is sold and serviced. Service delivery methods and parts availability vary by country, may be different from that in the country of purchase, and are subject to change without notice. Fees and restrictions may apply in some countries.
- ⁸ At processor speed.
- ⁹ Mobile Intel Pentium Processors feature Intel SpeedStep Technology. With Intel SpeedStep, processor speed may be reduced to conserve battery power.
- ¹⁰ Delivered with Microsoft Windows XP Professional or Microsoft Windows XP Home Edition preloaded and a Recovery Partition on the hard disk drive.
- ¹¹ For hard disk drive, GB equals one thousand million bytes. Accessible capacity is less; up to 4GB is service partition.
- ¹² For PCs without a separate video card, memory supports both system and video. Accessible system memory is up to 64MB less than the amount stated, depending on video mode.
- ¹³ Maximum memory and hard disk drive capacity may require the replacement of standard component with largest supported component available.
- ¹⁴ CD and DVD drives list maximum rates; rates are variable and are often less than the maximum possible.
- ¹⁵ The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by IBM is under licence.
- ¹⁶ These model numbers achieved the Ziff Davis Media Inc.'s Business Winstone 2002 BatteryMark Version 1.0, Battery Rundown Time of at least the time shown. This test was performed without independent verification by the VeriTest testing division of Lionbridge Technologies, Inc. ('VeriTest') nor Ziff Davis Media Inc.; neither Ziff Davis Media Inc. nor VeriTest makes any representations or warranties as to these test results. Winstone is a registered trademark and BatteryMark is a trademark of Ziff Davis Publishing Holdings Inc., in the U.S. and other countries. A description of the environment under which the test was performed is available at **ibm.com/pc/ww/thinkpad/batterylife**. Battery life (and recharge times) will vary based on many factors including screen brightness, applications, features, power management, battery conditioning and other customer preferences. Refer to **ibm.com/pc/support** and enter machine type and model number for more information.
- ¹⁷ Support unrelated to a warranty issue may be subject to additional charges.
- ¹⁸ Level of support varies by operating system. Operating systems not preloaded on the system may not provide full feature functionality. Refer to **ibm.com/pc/support** and enter your machine type and model number for more information.
- ¹⁹ Some software may differ from its retail version (if available), and may not include user manuals or all program functionality. Software licence agreements may apply.
- ²⁰ Update Connector is available at no charge to registered ThinkPad customers during the limited warranty period. Line charges may apply.

References in this publication to IBM products, programs or services do not imply that IBM intends to make these available in all countries in which IBM operates. Any reference to an IBM product, program or service is not intended to imply that only IBM products, programs or services may be used. Any functionally equivalent product, program or service may be used instead.

IBM hardware products are manufactured from new parts, or new and used parts. In some cases, the hardware product may not be new and may have been previously installed. Regardless, IBM warranty terms apply.
